**Personally, I highly recommend setting up practice in this beautiful location!**

Located in the heart of Cary our office space is designed to be a tranquil haven where you can feel safe and comfortable. The moment you step into our beautiful office, you will be greeted by a warm and inviting atmosphere. I find this space unique for the following reasons:

- **Comfortable Seating:** The waiting area and therapy rooms are furnished with comfortable seating to help you feel at ease. Your clients are met with calming spa music and can grab a beverage (e.g., coffee, tea, water) or snack to feel at home. The office is alarmed giving me piece of mind when I am in session or here doing notes by myself.
- **Natural Light:** Large windows allow for plenty of natural light, creating a bright and uplifting environment.
- **Calming Décor:** Soft colors, tasteful artwork, and soothing elements are thoughtfully chosen to promote relaxation and peace.
- **Confidentiality:** The office is designed to ensure your privacy and confidentiality, with soundproof rooms and discreet entry and exit points. This was an important factor in my decision.
- **Easy Online Payment:** With our busy schedules, it can be difficult to manage one more thing. Lorna sends a reminder email with attached invoice to make payment online easy. Copies are provided for your records. I appreciate that she is responsive to me whenever I have reached out to her.

**Getting Started**

Taking the first step toward renting the right space can seem daunting, but Lorna makes this process easy. This has been a great experience for me, and I would highly recommend this space to set up your practice.

Warm regards,
